SIGNATURE SYSTEMS

PROTECT YOUR JOB SITE, EQUIPMENT AND PERSONNEL WITH SIGNATURE'S REUSABLE COMPOSITE MATTING SYSTEMS

Stay on Schedule with a Safe, Stable and Clean Work Site

Signature Systems understands your daily challenges: tight scheduling that can't wait for weather delays, higher project costs, labor shortages and changing environmental and safety requirements.

We engineer and manufacture industry-leading construction matting solutions for any size construction site to meet your critical needs.

- Keep your personnel safe with stable working platforms and staging areas.
- Build temporary roadways and provide reliable access to remote worksites.
- Spend less time and money on site preparation and remediation.
- Avoid costly repairs by protecting your equipment against the environment.
- Reuse across multiple worksites without fear of cross-contamination.

MDX

PINNING SYSTEM

LOCKING SYSTEM FOR MEGADECK® HD+

Signature Systems' advanced MDX pin features a high strength, aluminum alloy pin core encased in a strong, highly engineered plastic case that facilitates faster and easier installation while handling the most extreme loads and impacts.

Faster and Easier Installations
Large pin hole is machined directly into mats, eliminating the need for a cam system.

Stackable Mat Design
New system is designed to be reversible, allowing mats to pin together to create elevated sections and layered roads.
